New members were initiated this past year bringing our enrollment to 84.

A joint meeting was held with the Sunshine girls, for a panel discussion, as our February meeting. Many interesting viewpoints were given on the subjects of "Dating and Going Steady."

The feature event of the years of course was the Hi-Y Best Girl Banquet.

Sunshine Society towards higher standards

The Sunshine Chapter was very active during the past year with enrollment steadily increasing to 79 members.

With the help of our sponsors, Mrs. Coblentz and Mrs. Mead, many worthwhile and enjoyable projects were completed.

One of the outstanding events the girls enjoyed this year for the first time, was the "Sunshine Best Beau Banquet." It was so successful that it will undoubtedly be an annual event from now on.

A goal is reached

The Ossian Band, under the direction of Mr. Keith Fox, has accomplished the goal set a number of years ago. This goal was to raise enough money for the purchase of band uniforms.

The uniforms were first worn at the Ossian-Roanoke game. During the season, the Band performed at ball games, County Tourney, Christmas Program, and the Music Festival.

The band is proud of their success achieved through constant rehearsing and perseverance.

Our achievements were helped greatly through the untiring efforts of the Band Parents and Twirlers Association.

These People work toward a common goal

We all have a common goal—the day when we leave on our Senior Trip. In a sense for twelve years you prepared for it but only in your last four years do you really plan your work. You sell pins, sweaters, Christmas cards, stationery, and other articles. You take care of the concession stand and sell ice cream, candy, popcorn, and pop at the ball games.

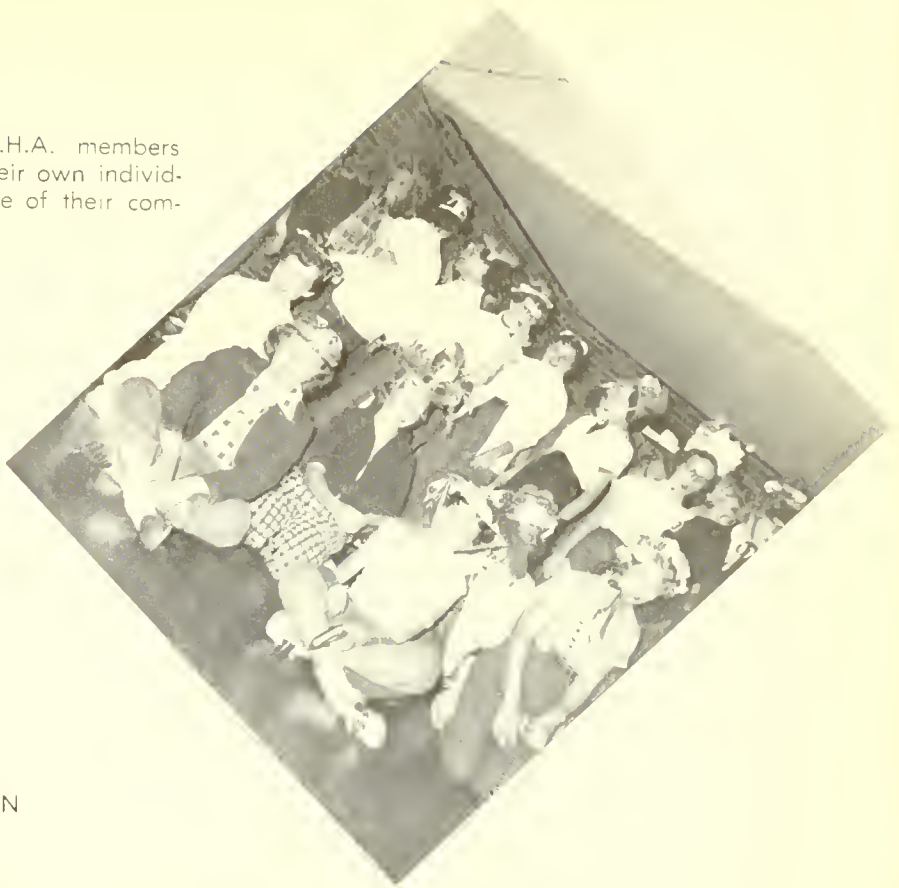

We also work in school—in our studies, our clubs, and our sports. Although these do not bring in money for our trip they do enrich us to the extent that we can understand the things we see.

We bid thee farewell

The seniors bid a long farewell to their underclassmen who are left behind to enjoy the same privileges and happiness that we have shared with them.

From the first grade until graduation we have grown, not only physically but in knowledge as well. We have worked, planned, and laughed together. Because of this we are ready to take that important trip in any student's life. It is one about which we have dreamed for many years. Yes, we are New York bound!

Sports

Throughout the months
of all the year,
You hear the kids
all say
We're tired of books,
And tired of school,
We're tired of studies
too.
But give them five boys
with fire and pep,
And put them on the floor,
Or nine boys on a baseball squad
And their gripes you'll hear
no more.

The '54-'55 edition of our Cubs started off the season with a bang, running up an 8 won-2 lost record. After numerous raids from the Varsity, which took Gronau and Van Meter for regulars and Kumfer and Bryan as replacements for injured players, the undermanned Cubs dropped six straight games to post at the present an 8 won 8 lost record.

To date the Teddybears have a 4 won 9 lost record. The "B" team won 1 and lost 1. The Teddybears victories were over Petroleum, Bluffton, Lancaster, and Popular Grove. Moving up to High School level next year are Dave Hoopengardner, Crane, Lassister, Shutt, Mahnensmith, Blair, Berkheiser, and Thrasher.

Last! But not least.

Production of this book has been work! Yet, work can be so arranged that it turns into fun. We have enjoyed working together with you in producing the 1955 "ORACLE." Yes, each one of you has taken part in putting together this book. Some gave pictures, others wrote copy, still others helped in small ways which helped the staff produce a better book.

We would like to thank the teachers who put up with the interruptions of their classes while we took our pictures for the book, also to all the people who gave ads or bought an annual. A special thanks goes to the Taylor Yearbook Co. and their representative, Mr. Gerald Powell, and the R.S.&M. photographers for their patience, helpful ideas, and their wonderful cooperation.

And last of all we thank you, the students of Ossian High School, for your support. As our theme states we hope you are soon happily . . .
